

This weekend's rules

- 1) Have fun, this is for a good cause
- 2) One courtesy runner each inning, anyone from your roster
- 3) 2 and progressive on home runs for Coed C Open
1 and progressive on home runs for Coed D games
- 4) **Coed C Open teams only:** One player per game can be immune from the home run rules (circle or announce them before their first at bat) all their shots count and none of their shots count against the 2 and progressive. This player CAN be walked but they go to third and if there is a lady behind them and two outs she may chose to go to second.
- 5) 60 minute games, no time limit in the championship and if games.
- 6) Only 2021 stickered ASA bats are allowed, we will have the bat tester if they don't have a sticker
- 7) Run rules are 15 after 4, 10 after 5
- 8) Tiebreaker rule is last hitter takes second
- 9) Coed C is Open rosters, Coed D is allowed 4 pickups from a Coed D or Coed E team. We will allow for a player to play Saturday and a different player on Sunday but this must be indicated at the start of tourney. Coed C Open is just that with limit of 2 restricted players per team
- 10) For round robin games we'll expect the home team to keep book like in league. Every little bit will help us give as much as possible to Relay For Life
- 11) We'll provide each team with new balls for the weekend, give them and collect them from the umpires each game.
- 12) **Mulligans are back!** Every team will get one to start the tourney. How, when or if you use it is up to you, after you use the first one you can buy more before each game (\$5). Use is limited to one per game, and must be used before the **6th inning**.

How OUR Mulligans work

This is often referred to as a "Redo" option in other tournaments. Teams MUST purchase or have on hand a mulligan prior to the first pitch of each game to use them. The cost is \$5 cash and paid directly to the tourney director. 100% of this \$5 fee goes directly to American Cancer Association! Here's how the mulligan works. It may be used only ONCE per game. It allows a team, while playing either offense OR defense, to force a player to bat again with the hopes of changing the original outcome of that player's at-bat. For example: It's the bottom of the 5th inning, defense (visiting team) is winning by 2 runs. Offense is home team and has bases loaded and 2 outs. Batter 7 steps into the box and hits a line drive gapper to the fence and 3 runs score and it appears they have won the game by 1 run. The manager from the visiting team runs in from left field and wants to use their mulligan. **THIS IS GOOD.** You return all runners to the bases they occupied prior to batter 7 hitting, and batter 7 returns to the plate with a fresh, new 1-1 count to try again. Let's say in this scenario, batter 7 now pops up for the third out and it appears they have lost the game. The Home Team could, if they had not previously used their mulligan, use their mulligan to have batter 7 return to the plate AGAIN, with a fresh, new 1-1 count to try once more. **GENERALLY,** teams don't wait to the last out of the game to use their mulligans. Another example: Top of the 4th inning, visiting team batting with bases loaded and 1 out. Batter 4 hits into a double play for outs 2 and 3. The batting team could use their mulligan to have batter 4 hit again. **Just remember, the mulligan can ONLY be used once per game and can ONLY be used to force a player to bat again.**

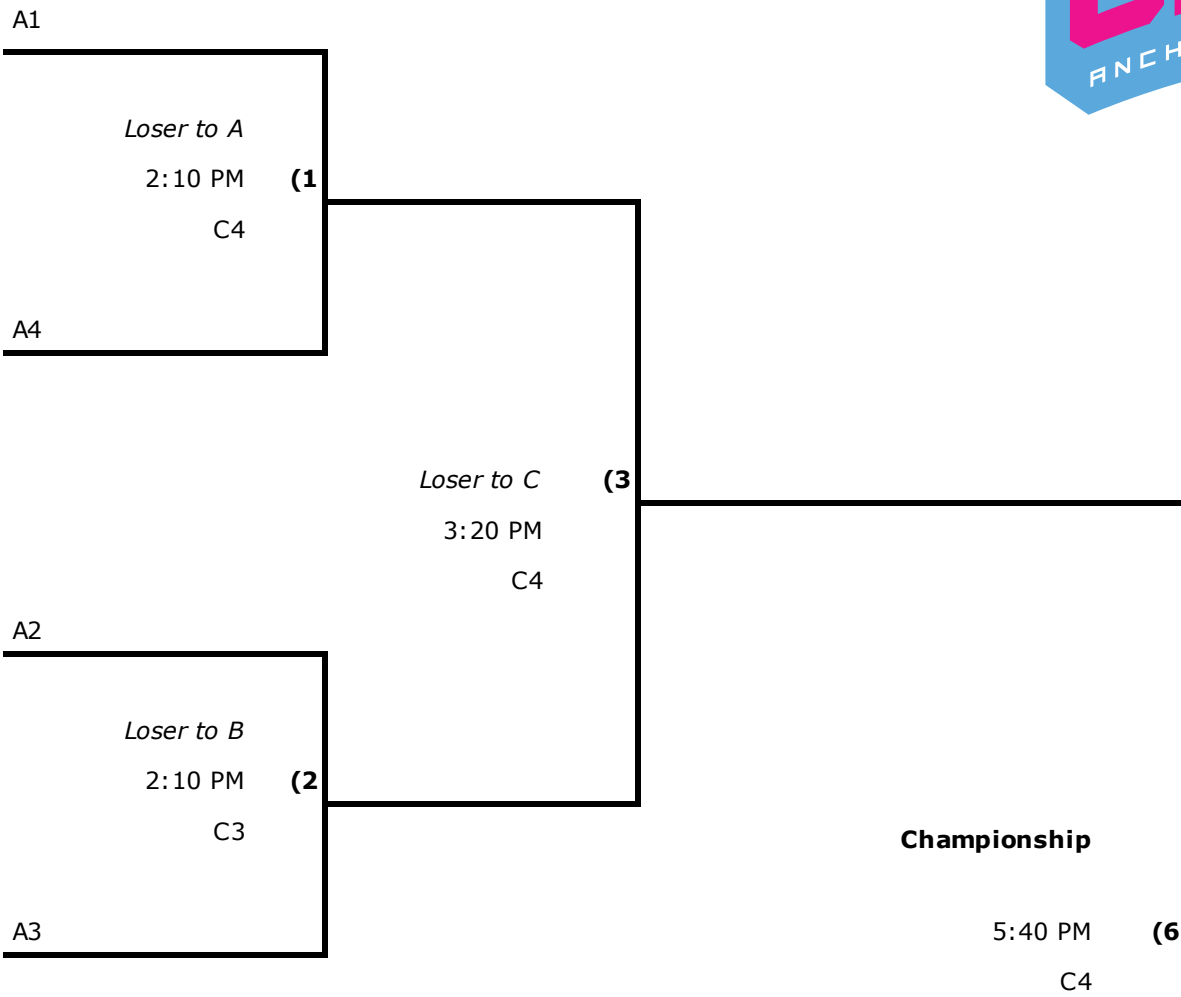

13) Champions of each tourney get 15 custom jerseys for the players that play in the tourney, everyone gets entered in a drawing for some swag

14) Unless listed above, all other Anchorage Sports tourney rules apply

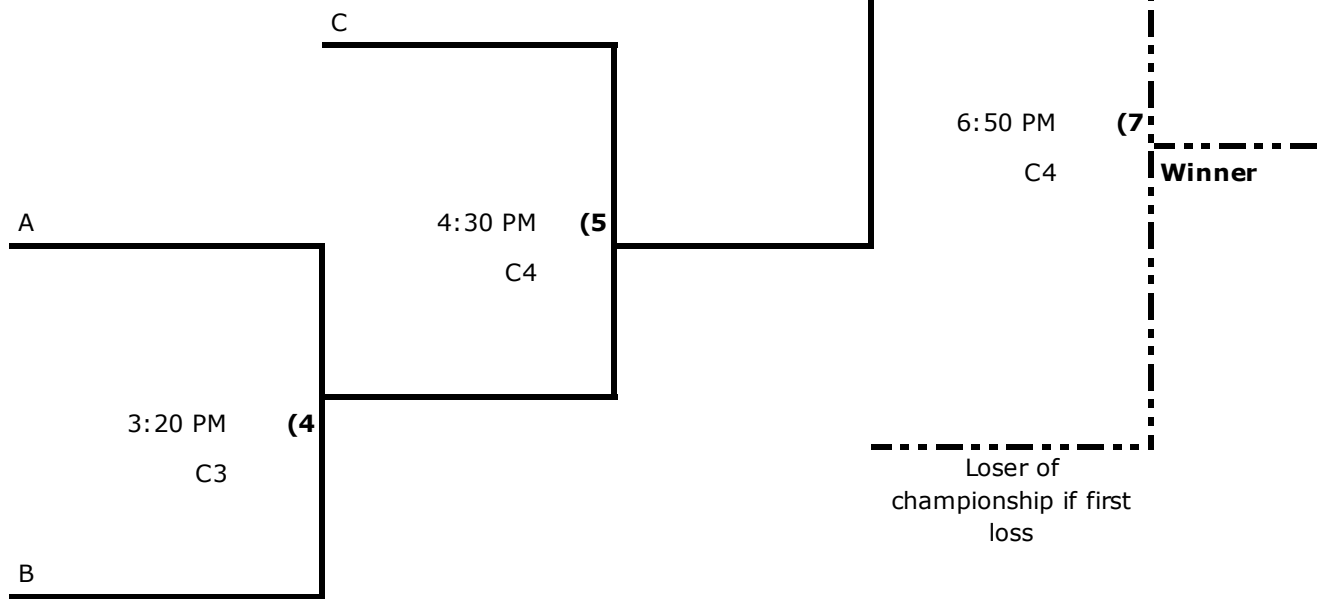

COED C OPEN

WINNERS BRACKET

ELIMINATION BRACKET

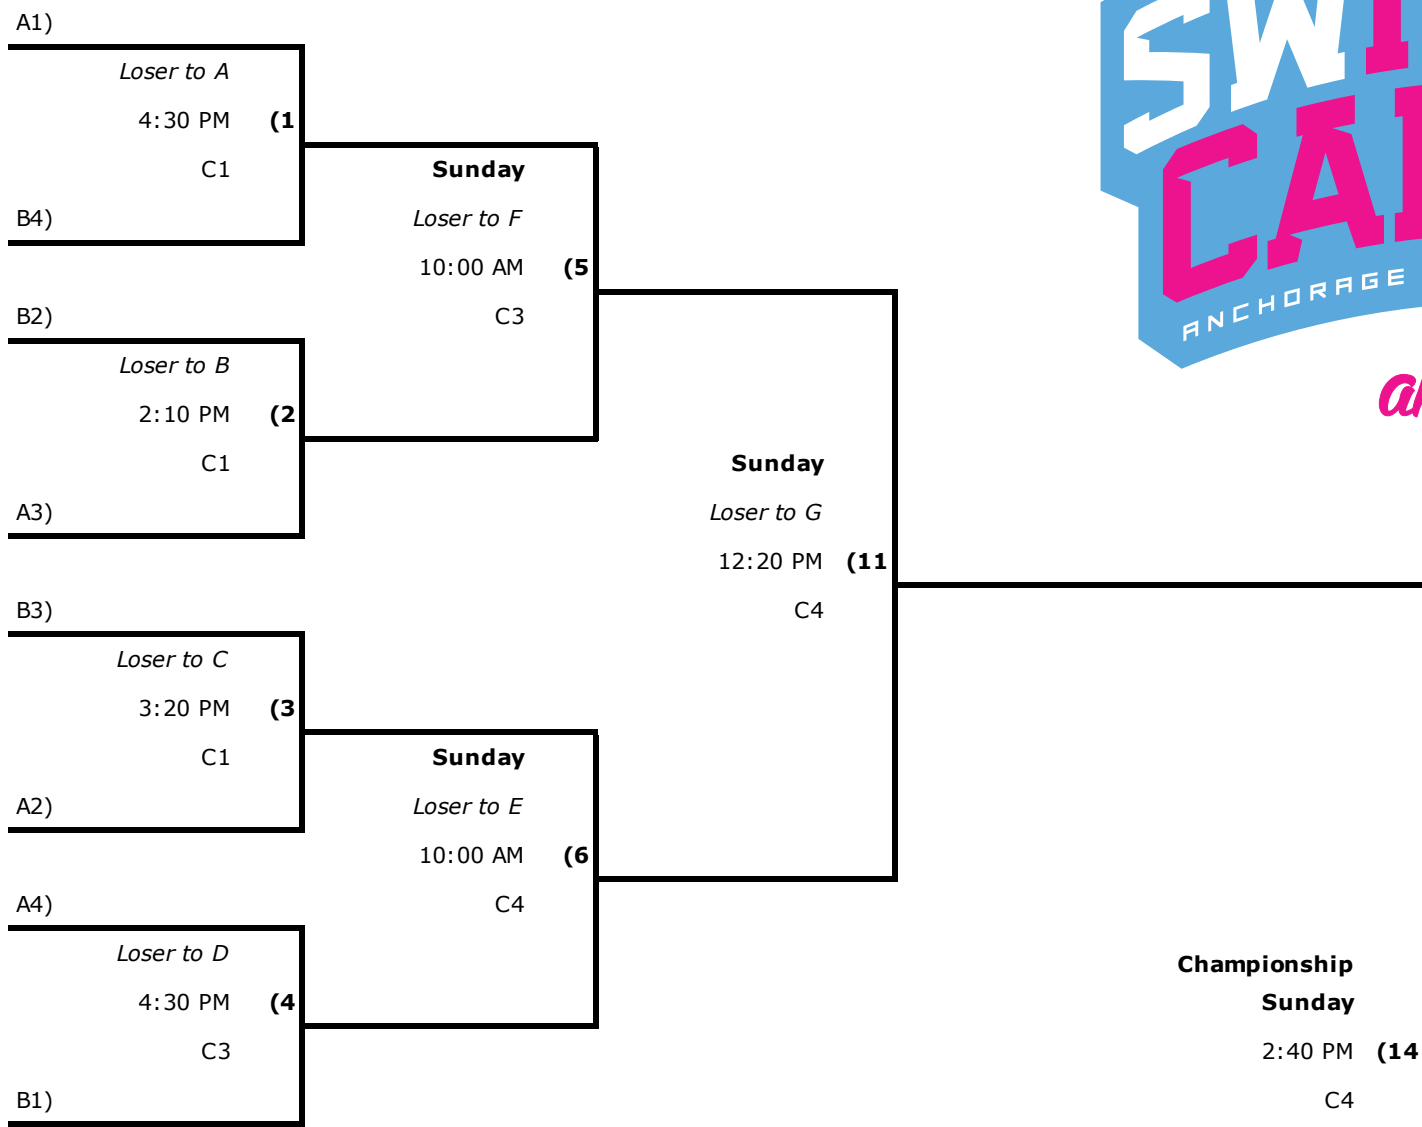

Pool Play

Pool A	Seed
Aftershock	A
Outbreak	A
Bunt Force Trauma	A
#FYF	A

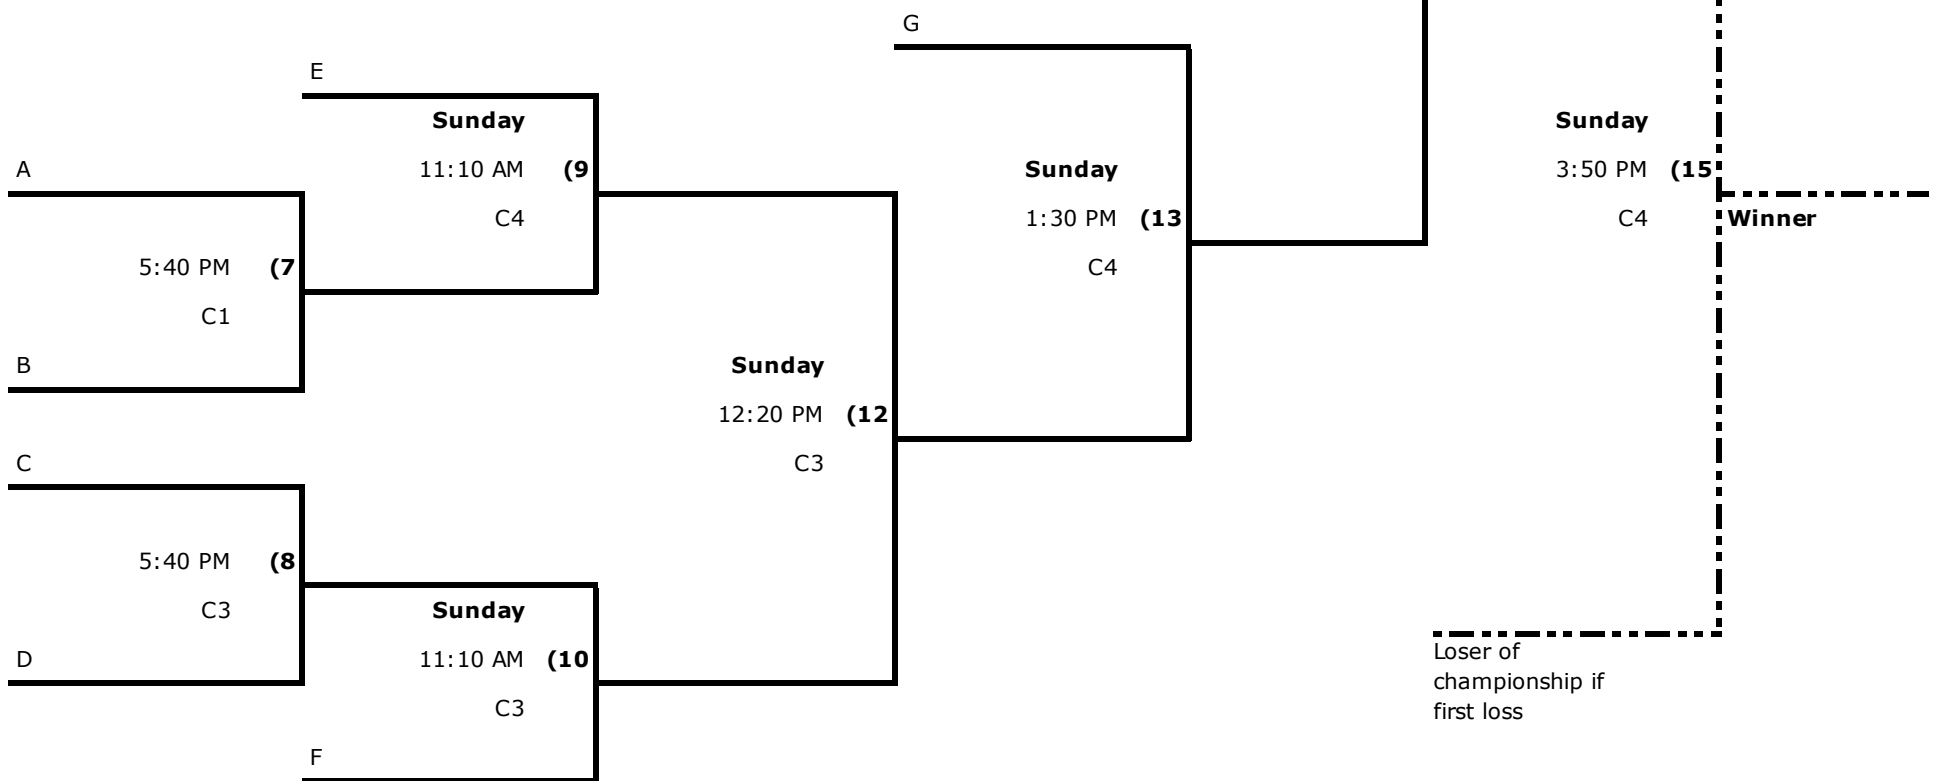

Pool games	Time	Field
1) Aftershock vs Outbreak	9:30 AM	C4
2) Bunt Force Trauma vs #FYF	10:40 AM	C4
Loser 1 vs Loser 2	11:50 AM	C4
Winner 1 vs Winner 2	1:00 PM	C4

WINNERS BRACKET

ELIMINATION BRACKET

Loser of championship if first loss
